Grand Opening Set Next Week At College Grove

More than 40 College Grove stores and shops will be in full swing when the center holds its grand opening beginning August 25.

Special dedicatory ceremonies are planned for each morning of the three-day opening. Marvin L. Blum, general manager of the center, announced this week.

Nineteen stores, including Walker Scott, largest single facility, took part in the initial opening July 28. Twenty-two more have since opened or are planning to open by August 25. Blum added, "Remaining stores will be ready for later dates. Helix House and The Copper Penny restaurants have delayed opening until fall.

Central Federal Saving and Loan opened officially last Monday with the clipping of a "ribbon" of dollar bills. J. C. Penney Co. will welcome the public at special ceremonies on August 18. Leed's Shoe Store is also expected to open at this time.

The public next week will see for the first time several College Grove attractions which were still under construction during the July 28 opening. The speed ramp, or "moving sidewalk," has been installed and tested and is now in operation. The Fountain of the Faiths on The Mall level is now receiving final touches. A picturesque waterfall, nine feet high, is being banked with lush tropical growth, and will be dedicated during the grand opening.

Polio Clinic

A polio clinic will be held Friday, from 6 to 9 p.m. in the Pals and Gals Clubhouse (Goodland Acres), on Troy st., across from the Spring Valley fire station. The clinic will be sponsored by Spring Valley VFW Auxiliary 6474. Shots will be \$1 each.

HORSEMEN

Bob Howell and Frank Bettencourt, both local horsemen, returned this week with prized trophies from the Santa Barbara Fiesta parade. Bettencourt won a trophy for the best Western outfit and Howell took a similar prize for his Spanish rig.

Sheriff's Rodeo Tickets 'Moving,' Deputy Says

Tickets for the sixth annual rodeo of the San Diego County Sheriff's Relief Assn. are beginning to "move," according to Sheriff's Sgt. Rob Ryan of Lemon Grove.

Ryan said that the rodeo will be held Sept. 17 and 18 at Westgate Park.

Tickets for the rodeo can be obtained at the sheriff's substation at 3440 Main, Lemon Grove, or from any deputy sheriff.

One hundred fifty of the cowboys of the county will compete for approximately \$7,000 prize money. The rodeo will consist of six events: calf roping, saddle bronc riding, bareback riding, bulldogging, bull riding and wild cow milking. There will also be clowns and special trick riding events. The show will be highlighted with the appearance of 250 square dancers at each performance, plus Hollywood western stars and western bands to provide a true Rodeo atmosphere.

Points won by the contestant will count toward the World Championship held in Madison Square Garden each year. The show is sanctioned by the Rodeo Cowboys Assn. of America and as such is world champion ship caliber.

Members of the sheriff's department produce and promote the entire Rodeo without any professional help, the entire proceeds are placed in the Sheriff's Relief Assn. to aid members and their families in times of illness or death.

It is the contention of the water lawyers that the formula of apportionment Judge Rifkind has announced that he will recommend to the Supreme Court is contrary to both the Colorado River Compact and the Boulder Canyon Project Act.

It was these two legal instruments which authorized and initiated Colorado River development and distribution more than 30 years ago.

In 1952, Arizona brought suit against California in the United States Supreme Court to obtain water for a proposed Central Arizona project, to irrigate farm lands in the Phoenix area brought into production as a result of post-war farm prices.

Judge Rifkind's proposed decree of apportionment would give Arizona the water necessary for this project by increasing her main stream allocation from 1.2 million acre-feet to 2.5 million acre-feet.

Assisting Mosk is Northcutt Ely of Washington, D.C., special assistant attorney general and the state's chief counsel in the suit; Charles Coker, assistant attorney general; Burton J. Jindler, deputy attorney general, and the legal counsel of each of the affected southern

California water agencies. These agencies include the Metropolitan water district, the City of Los Angeles, the City and County of San Diego, the Imperial and Palo Verde irrigation districts, and the Coachella Valley county water district.

Notification of Freshman Orientation Day will be sent to incoming freshmen in the usual welcoming letter on August 26. New teachers will begin their workshop on Friday, Sept. 2, and continue their orientation until the regular staff workshop on Wednesday, Sept. 7. Counselors and administrators will begin their workshops on August 31.

Mt. Miguel Faces Challenge as 'Largest School'

When Mt. Miguel high school opens its doors Sept. 12 for the regular school year, it faces the challenge of having the largest student body of any high school in the county.

But the staff at the school is welcoming the challenge because it offers a chance to try some heretofore untried methods of teaching.

The sheer-number problem (there will be 2,800 students this year) has been licked by the importation of seven portable buildings.

One method that is expected to solve the problem of many students per class is the use of closed-circuit television.

The English III college preparatory students of Miss Dorothy Anderson, Richard Brown and Harold Goss, as well as the English IV students of Mrs. Ellen Hall will be part of a new experiment in TV teaching—the use of the college lecture approach at the high school level.

Seth Carpenter will also handle a lecture course in U.S. History.

Because 125 students in a class is a definite departure from the traditional high school pattern of teaching, each of these master teachers will be assisted by teacher aides from San Diego State College—fourth year students in the subject area. It is hoped that this large grouping will result in more frequent evaluation of student work, especially in composition.

For those students who plan retailing careers, a merchandising laboratory under the guidance of John Stubbs will provide the necessary theory coupled with the responsibility that such students will have in the part-time jobs for local retailers.

Frank Ramsey will teach a course in the physical sciences for those students not in the regular college preparatory class. This will be an attempt to strengthen the offerings for vocational students.

Since the school day will begin at 7:30 a.m. and close at 1:15 p.m., all students should report early enough to be in class at the designated time on Sept. 12. Students who will be programmed differently will be notified through the mail of such programming.

No buses will run to the WEST edge of the district however, a commercial bus company will make pickups on approximately the same route as last year. Those living in the Jamul, Dulzura, and Barrett areas will be picked up in time for the start of period two. Bus schedules for the Spring Valley-Casa de Oro areas will be announced soon.

Notification of Freshman Orientation Day will be sent to incoming freshmen in the usual welcoming letter on August 26.

New teachers will begin their workshop on Friday, Sept. 2, and continue their orientation until the regular staff workshop on Wednesday, Sept. 7. Counselors and administrators will begin their workshops on August 31.

Woman Killed, Son Injured In Auto Crash

A Spring Valley woman was killed and her son and two other youths were injured this week in a four-car collision near Carson City, Nev.

Police identified the victim as Mrs. Ellen Payne, 43, of 3817 Pinto. Injured were her son, Richard, 17, and a boy and girl from El Cajon.

Officers said that the accident occurred when a car driven by her husband, Gerald, was turning left and was hit by a pickup truck. Mrs. Payne was thrown out of the car, which then hit a small foreign car. The pickup truck bounced into another small foreign car.

Citizens Approve Master Park Plan

Deputies Shoot Tire to Capture Fleeing Youths

Two local youths were held in juvenile hall this week following a wild chase in which police shot out a tire in a fleeing stolen car.

The youths are Ronald Gonsalves, 16, of 9005 Christina, Spring Valley, and Robert Wingo, 17, of 1620 Colfax, Lemon Grove.

Sheriff's deputies said that they fired three warning shots before shooting at the left rear tire of the stolen car as Gonsalves and a 16-year-old girl fled from them.

Gonsalves and the girl eluded the deputies when the police car's brakes failed on a turn and the police car couldn't make it around the corner.

Other deputies later arrested the pair as they started to leave the abandoned car in a taxi.

Gonsalves was taken to juvenile hall but the girl was released to her parents when it was found that she was not involved in the theft. Gonsalves told police that he and Wingo stole the car in order to get home from a dance in Chula Vista last week.

They had been keeping the car, police said, in the garage of a new house in Spring Valley, where they had raised the rear springs, removed the hub caps and altered the license number with black tape.

The DIMMER VIEW

by MAX GOODWIN

We are offering here our pocket-edition view of issues voters will face at the polls in November.

There will be 15 propositions on which to make decisions. We suggest you save this condensation to help you understand what these issues are in November.

PROPOSITION 1: CALIFORNIA WATER RESOURCES BOND ACT.

Authorizes state bond issue of \$1,175,000,000 to build dams and transmission lines for present and future water needs. Bonds would be repaid via the General Fund. Opponents recommend moving the populace north instead of moving water south.

PROPOSITION 2: ASSEMBLYMEN'S TERM.

Authorizes term of each assemblyman to be four years but elections to be held every two years. Odd-numbered districts would elect at one election, even numbers the other. Proponents say passage would attract higher type persons and would stymie "influence peddlers." Opponents say it is a break with tradition.

PROPOSITION 3: DISABLED VETERANS TAX EXEMPTION.

Provides that the \$5,000 tax exemption carry over when a paraplegic veteran sells his house and buys a replacement. There are less than 470 veterans receiving this exemption.

PROPOSITION 4: TERMS OF OFFICE FOR STATE COLLEGE SYSTEM TRUSTEES.

Provides that term be set for eight years for sixteen State College Trustees. Proponents say that need of continuity and traditionally longer terms than four years for college service are reasons for its passage. Opponents say eight year terms are undemocratic.

PROPOSITION 5: ASSEMBLYMEN'S PAY RAISE.

Provides a raise of \$250 a month for assemblymen. They now get \$500. Proponents point to cost of living, increased workload and other reasons for favoring it. Opponents say assemblymen do pretty well on \$500. They additionally get office expense, mileage, death benefits and retirement pay on their part time job. They frequently draw as much as \$20,000 a term (Continued on Page 3)

Vote to Start 'Diligent Effort' For Development

A Lemon Grove citizen group Monday night adopted a master plan for development of the county park at Washington and Alton streets.

And the group voted to "pursue diligently" its efforts to get the improvement of the site started.

Mrs. Dorothy Nottingham, chairman of a special recreation committee, made the motion for adopting the plan after having presented a drawing made by the county parks department.

Alva Oliphant, one-time objector to a park at the site, seconded the motion for the adoption of the plan.

The citizens group was made up of representatives of the Lemon Grove Coordinating Council, the Youth Center, the Swimming Pool Assn. and youth baseball groups.

The plan calls for a row of the lemon trees already on the property to be left along the street sides of the park, and a double row of the trees to be left around three sides of an area designated for a play area.

In the plan is space for a shuffleboard court, a picnic area, a small shelter for under-roof dining, a parking space and a playing area with swings and other equipment.

Mrs. Nottingham reported that the county parks department is prepared to install about \$1,400 worth of playground equipment.

But first, she said, the citizens of the community must show a definite interest in the park and a willingness to back the project.

To speed the development, she reported, the citizens of the area probably could do most by seeing that the site is graded to the levels set out by the county, and by providing an adequate watering system.

The county would do all of these things eventually, she said, "but we could knock four or five years off the time by doing them ourselves."

The group voted to begin looking into methods of providing the necessary funds. Mrs. George Teigen, president of the Lemon Grove Junior Women's Club, said that her group is "just waiting for the word" to raise funds to help out.

The Rev. E. Walter Smith, who presided, suggested that other civic and service clubs also might be approached to lend support to the project.

Registration Points Opened

Registration depots have been opened by the County Registrar of voters throughout various county areas.

In Lemon Grove five such depots have been opened. These are:

Chamber of commerce
7350 Broadway
U.S. National Bank
7859 Broadway
1st National Bank
3285 Imperial
Food Basket
7663 Broadway

Registration for the general election will close on September 15. The voter must be registered by this date to be eligible to vote in the general election.

In Spring Valley there are two such registration places. These are the home of Elinor Dahl, 10109 Ramona dr., and Betty Robinson, 10096 Casa de Oro Blvd., both in Casa de Oro.

BUDDIES — The gladsome summer days are waning. The school bell will be ringing soon. Summer friendships between school-age youngsters and not-quite-school-age-buddies will be broken up. Parents face problems

too, and one of these problems is that of outfitting the little rascals for school. To help solve this problem, this newspaper will carry a special Back to School section next week. Watch for it. — Staff Photo

LEMON GROVE STORES OPEN 'TIL 9 MON., FRI.

HANGING ON, BUT, IT'S A STRUGGLE!!

Along Sweetwater Road

News of Spring Valley Estates, Mt. Miguel Terrace and La Presa

By Elaine Horowitz
HO 3-5393

Barbara and Jim Jordan, 1543 Gowin st., Spring Valley, became the proud parents of a baby girl at 5:30 a.m. on August 10. Their daughter, who weighed in at 7 lbs. 8 oz. will be called Lisa Dawn.

Polio Clinic

A reminder that polio shots will be given August 19 at Goodland Acres Hall, on Troy st., across from the fire station. The shots, which will be administered by Dr. Joseph Contasti, will cost \$1. This clinic is sponsored by the Spring Valley VFW Auxiliary 6374.

Dance

Keep the 10th of September open, for that's a date the Women's Auxiliary of the Spring Valley Little League wants to make with you for a dance they are giving at St. Martin's Church on El Cajo Blvd., to finance the grading of the Little League ball field. Music will be by The Showmen, an 11-piece band, who will be playing from 6 p.m. to 11:30 a.m.; soft drinks will be sold and a transistor radio will be given as a door prize. Tickets may be obtained from Little League mothers, at the door the night of the fete, or by calling Mrs. Robert McGuire at HO 3-4842. Donations will be \$1 per ticket, which will entitle you to an evening of dancing, pleasure, the company of friends and neighbors, and the extra enjoyment of knowing you've helped ready the Little League field for the boys to play on next year.

Bus Trip

The Avondale PTA's Hollywood bus trip left on schedule August 17, with three buses full of people looking forward to a wonderful day out, and that's just what we all had. I'm not going to spoil the surprise by telling you who appeared on the TV show "I Could Be You," for you can see it yourself August 22, at 11:30 a.m. on channels 10, 3 or 4.

Carnival

Plans are already being made for the October Carnival, by Avondale's PTA, and now's the time for you to start. If you can knit or sew, start now. Don't throw out any old records or bric-a-brac; start potting plants, or just making plans for baking cakes or cookies, but be prepared. The proceeds for the Hollywood bus trip will be used to make this the biggest and best carnival you've ever seen.

Meet Your Neighbor

Meet Frances and Verne Miller. They have two sons, Douglas, 13, and Andrew, 12, who both belong to the Boy Scouts. Frances was born in Seattle Wash., and moved to San Diego in 1937. She is chairman of the Mother's Auxiliary of the Boy Scouts, a member of the Avon-

dale PTA; enjoys bowling and gardening.

Verne was born in Cresco, Iowa, and moved to San Diego in 1922. He is retired from the USN, chairman for the Boy Scouts, a member of the Avon-

dale PTA; enjoys bowling, golf, and gardening.

Streets Closed

SAN DIEGO (CNS)—Abandonment by the county of two streets in the La Presa area of Spring Valley was approved Friday by the County Planning Commission, on the condition that compensating land be donated to the county.

The vacation request, made by the Spring Valley Local Fire District, covers Leland street, from Davenport street to San Francisco street between Gillespie drive and La street.

Church Okayed

SAN DIEGO (CNS)—Approval of a special use permit for a church in the La Presa area of Spring Valley was approved Friday by the County Planning Commission.

As a condition, the commission asked the church to donate 20 feet of land for the widening of Akkard street, 30 feet for the widening of Kemp-

on and 15 feet on the north property line, where a street is indicated in a subdivision map for 10 acres owned by Emil Caldwell. The latter submitted the application for the use permit, on behalf of the Covenant Church.

Lot Too Small

SAN DIEGO (CNS)—Permission to build on a small La Presa lot was denied Friday by the County Planning Commission, and the applicant was directed to acquire more land for his building site.

James R. Wilson sought variance to allow him to build on a site with an area of 4,300 square feet, instead of the required 6,000 square feet. His property is on Felicita avenue between Piedmont and St. George streets.

Dr. Willis H. Miller, county planning director, told the commission that Wilson's property

has a frontage of 43 feet, that a lot with 35 feet frontage adjoins it and that these two lots have existing houses on the other side of them.

Miller recommended that the 43-foot lot and the 35-foot lot be combined into a single building site, and the commission agreed to turn down the plea for the variance.

Another property owner in the same area was more fortunate in applying for variances. Arthur Rose was granted permission to build on one parcel with 5,617 square feet of area and on another with 5,123 square feet, where 6,000-foot lots are required. His property is at the intersection of Piedmont street and Concepcion avenue.

Three Face Court On Dope Charges

Three Lemon Grove men face arraignment in superior court Aug. 24 on charges of possessing marijuana.

They were bound over to the higher court late last week after a hearing in El Cajon Municipal Court.

The men are Warren David Harper, 21, of 7452 Waite dr.; Robert Alvin Lange, 20, and Richard Dean Myers, 20, both of 7679 Lemon ave.

The three were arrested June 4 in a raid by state narcotics agents, sheriff's deputies and a Mesa police. Agents said they had several marijuana cigarettes and paraphernalia.

El Cajon Judge R. Fenton Jarfield scheduled the Aug. 24 arraignments for the men. They are free on \$1,050 bail each.

Gigliotti to Tell Men's Club About Masonic Struggle

Dr. Frank Gigliotti will present a special program August 26 at the Lemon Grove Men's Club.

A retired minister and an official of the Masonic Lodge, Dr. Gigliotti will show movies which he made on a recent trip to Italy. While there, he reportedly was instrumental in getting vast properties restored to the Masons after the properties had been confiscated by the government.

Dr. Gigliotti said that he will talk about the "Struggle for Freedom" and will tell how the Masons lost and then regained their property.

Once Over Lightly

by Don Wilson

It's pretty easy, sometimes, to forget how unique the United States is in this troubled world.

We complain of high taxes, inequities in the administration of justice, confidence schemes played on unwary buyers, unscrupulous politicians.

But to someone in a more troubled country, the United States still is a sort of Utopia—and these people often go to maddening lengths just to get to live here and work here.

Take Juan Miranda, for instance.

That isn't his real name, and I'm not telling his real name because he's had enough trouble already.

Juan lived in a Mexican village where a pair of shoes is a luxury. He heard about the wonderful United States and he set out to come here.

Along with about 30 other men, he paid \$100 (800 pesos) to a man who owned a truck. The man was to drive them north to the New York area, where they were to find jobs. Immigration officials stopped the truck, arrested all of them, and Juan spent six months in jail.

Later, he got a job as a Mexican National on a farm here.

And he got sick, just sick enough that he couldn't produce an acceptable day's work.

So the farm owner got him transferred to another farm, where it was discovered that he was sick, so he got transferred again and finally wound up back in Mexico, out of a job.

But later he got back into the United States again without benefit of the international contract. He was caught and was deported.

Then he got a job here under the contract and came back to work.

But some of his friends in his old home town in Mexico had better plans. They were making money smuggling contraband items into the United States and offered to put him in if he could supply someone who could speak English as a contact man.

Fortunately, the man with whom he talked here about the deal told him how much trouble he could get into, and he dropped the idea.

Then he settled down on his job and began to look like a model non-citizen.

And one of his relatives in Mexico wanted to come to the United States.

So Juan began checking around and he found a woman in San Diego who would guarantee to get his cousin

into the United States legally for only \$300 (the equivalent of 2,400 Mexican pesos). I've lost contact with Juan, so I don't know if his cousin raised the \$300 (2,400 pesos) for a carefully-prepared "legal" set of entry papers.

But when I think of all the trouble that he has gone through just simply to get what he would already have had just by being born here, I thankfully pat the hip pocket where I carry my United States birth certificate.

Apparently it's a pretty valuable piece of paper.

DOROTHY DIGGS in the garden

Many instances of improper watering come to my attention constantly. Some gardeners take the hose and water down their plants a little every night. In California, we do not have occasional rains, as a rule, to supplement our watering, so here most varieties of plant life should be watered by means of long, slow, deep irrigation to get the water down to the very lowest root structure.

This year, of all years, that irrigation should be very thorough and as often as necessary. In some instances as often as three times a week because we are going through a prolonged and disastrous drought.

Watch your camellias especially. Dig down into the soil and be sure it is moist to a depth of several inches. Even in normal years (this is not a normal year) I have let the water seep in among the roots of my camellias from the hose a whole day and a whole night at a time.

San Francisco Rebels Provide Movie Locale

Four simple words that evoke the spirit and color of America's New Renaissance and set the mood for MGM's presentation of "The Subterraneans" is—North Beach, San Francisco! For the filming of Jack Kerouac's novel, it was determined the flavor of North Beach would be an important ingredient. To capture this atmosphere, many of the film's exterior shots were made right on Telegraph Hill, and studio experts re-created on MGM sound stages replicas of such meeting places as Spaghetti Factory, The Place, Daddy's Catcombs, Old Excelsior Coffee House, City Lights Bookstore and the Blackhawk Jazz Club.

Leslie Caron, the co-star with George Peppard, flew to San Francisco before starting her role to get first-hand knowledge of this New Bohemia, where the "rebels" of our generation gather to shape new ways of living. From my viewpoint, Arthur Freed's "The Subterraneans" misses in its story. It has its moments, but—misses! Outstanding are Leslie and George as Mardou Fox and Leo Percepied. Also, Janice Rule as Roxanne, Scott Marlowe as Julien Alexander. The best scene stealing is turned in by Roddy McDowall as Yuri Gilgoric. Playing themselves are Shelley Manne, Carmen McRae, Andre Previn, Red Mitchell, Russ Freeman, Art Pepper and others.

The jazz music is excellent. It's in C-Scope and technicolor. It's not a family movie.—B.T.

The DIMMER VIEW

(Continued)

for committee work.

PROPOSITION 6: PROHIBITS TAX ON NON-PROFIT GOLF COURSES.

Proponents say such a tax will force county to operate such golf courses. This will raise taxes. Some courses will be converted into housing projects, factory areas. Lost will be the green area recreation facilities and tourist business. Opponents say they should be taxed so that golfers will not be getting privileges not enjoyed by tennis players, swimmers or fishermen.

PROPOSITION 7: CHIROPRACTORS' BOARD.

Permits two members to come from the same school instead of one. Proponents point to the hardship of finding five persons who have graduated from different schools. Opponents say two from the same chiropractic college could rule the board.

PROPOSITION 8: VOTES FOR CONVICTED FELONS.

Proponents point to 20,000 youngsters convicted as juveniles and are now good citizens who are deprived by the law. Opponents say present law on pardons permits felon to become voter again. They complain penalties for infamous crimes are already too lenient.

PROPOSITION 9: CLAIMS AGAINST CHARTERED CITIES AND COUNTIES.

Provides for clearer procedures in collecting funds due.

PROPOSITION 10: SETS UP COMMISSION ON JUDICIAL APPOINTMENTS.

In effect, it would set up a nine man board to police the judicial industry and to study workload inequities.

PROPOSITION 11: VETERANS' TAX EXEMPTION.

Major provision is for veteran to be California resident at time of entry into service to become eligible for exemptions in the future. Does not effect status of those now getting exemptions. Also makes husband of veteran eligible. Proponents say it liberalizes provisions for widows, women veterans and paraplegics but does not effect veterans now eligible. Opponents say the proposition will make two classes of veterans by denying those who take up residence here after joining the Armed Forces. It would weaken patriotism, too, they say.

PROPOSITION 12: ELIMINATES OBSOLETE AND SUPERCEDED PROVISIONS FROM THE CONSTITUTION.

Cleans out the trash left by yesterdays and yesteryears lawmakers.

PROPOSITION 13: SETS UP DISTRICT COURTS OF APPEAL.

Provision fills gap by providing appellate jurisdiction for Justice and Municipal Court cases. Opponents say the amendment is useless except to expect to expand the personnel of the state judiciary.

PROPOSITION 14: GRADE CROSSING BONDS.

Provides for counties or cities to use a portion of their Motor Vehicle Fuel Fund money for paying principle and interest on bonds for railroad or rapid transit grade crossings, but only if two-thirds of their people vote for it. Opponents say mortgaging of future road funds is the result and will call for more contributions.

PROPOSITION 15: SENATE REAPPORTIONMENT.

Divides the state into 40 Senatorial districts on the basis of population but allowing only 20 from the north counties and 20 from the south. Proponents say this is fairer representation. Opponents say the passage would draw a California Mason-Dixon line and put Los Angeles in charge of the Senate.

Local Areas Represented

(Continued)

million acre-feet. In addition, Arizona obtains 1.8 million acre-feet from tributaries which Judge Rifkind refused to consider as a Colorado River apportionment.

Under Rifkind's formula, California would lose from one to two million acre-feet annually, the amount varying with dryness and curtailed runoff. Experts now estimate the supply permanently available for diversion from the main stream among Arizona, California, and Nevada to be about 6 million acre-feet.

From a 6 million acre-foot supply California, under Rifkind's formula, would be allotted 3.5 million acre-feet annually. This is 1 million acre-feet less than the amount California's existing projects used last year and leaves the Metropolitan Water District without a permanent allocation.

The New York hearing will be the state's last chance to win a modification of the proposed formula from Rifkind. If he submits a substantially unaltered formula to the Supreme Court the state and the affected water agencies will carry their fight before the full court.

New Bus Line Hearing Set In San Diego

A hearing on a proposal for a new bus company to serve an area which includes Lemon Grove and Spring Valley will be held next month, the owner of the bus company said this week.

Freddie Allen, of Spring Valley, said that his new company—the Freddie Allen Bus Line Inc.—will have a hearing on its proposal at 9:30 a.m., Sept. 13 in the San Diego chamber of commerce building.

Allen proposes a bus line that would run from El Cajon through La Mesa, down Broadway to Sweetwater road, south on Sweetwater road through Spring Valley, to Chula Vista, Otay and San Ysidro.

He said that he plans to start out with four round trips six days a week and double the schedule as the need occurs.

Both the San Diego Transit System and Greyhound Lines have opposed the new bus company's plan. Allen said, "although I don't understand why. There hasn't been any bus service for years" in much of the area.

ON COMMITTEE

SAN DIEGO (CNS)—Gilbert Ray, vice chairman of the County Planning Commission and a Spring Valley real estate man, Friday was named as an alternate member of the county's road policy committee. Frank O. Culy is the committee's member on the committee.

County Carnival

(Distributed by)

County News Service)

County Supervisor De Graff Austin is going to run for a seat in the U.S. House of Representatives in 1962, some of his fellow board members have decided.

All office-holders have a highly developed instinct for identifying candidates for office, particularly those who may run against them. Next, these office holders can sense when somebody who is working with them is going to run for any other office.

This is part of the capacity to survive which a politician must have, and County Supervisors have decided for one very interesting reason why Austin is eyeing the Congressional sea to result in the North County from the re-districting to follow the 1960 census.

They figure that Austin was making a play for North County support when he went against the board majority during the recent hearing on a county ordinance to control divisions of land.

Austin, who represents a Supervisorial district within the City of San Diego, at the lot-split hearing won ardent commendation from speakers from the North County. This irked other supervisors, who worried about the reason for his behavior, until they turned up with the Congressional seat angle.

Austin ran for Congress before, against Bob Wilson. Although he is a resident of the City of San Diego, the law would not prevent him from running in a North County district.

It is little known, but a candidate for Congress can run in any district in his state.

The County Board of Supervisors has a group of extremely responsible citizens growing very, very angry. And this isn't one of the usual teapot tempests, for it could have lasting results.

The board more than a year ago appointed a group of outstanding men to work out an ordinance for controlling divisions of land. These men, representing farmers, landowners, surveyors, title companies, builders and the real estate business, worked hard for eight months to draw up a law.

Now Supervisors are backing away from the proposals of this group. "Nobody's thinking of approving this ordinance the way it is now," a group protesting the law was told at a recent supervisors meeting.

"We'll never go for this the way it's drawn up," assured another Supervisor.

As a result, the men who worked so diligently to draw up a law are fed up with helping the supervisors. "Why should I drive 50 miles, at my own expense, lose a day's business, and then have the supervisors spit on my efforts?" one committee member said.

Continued failure by supervisors to back up this group is going to alienate a lot of important men. And such a thing is contagious. When one group works eight months and is highly praised for being the best committee that ever served the county, but its end product is thrown in the waste basket because of protests, then the next committee is harder to form. Also, quality in committees goes down.

Interestingly, the campaign of protest against the lot-split ordinance is organized by an out-of-county real estate man, not by a resident of San Diego County.

Post-Summer School Session Hailed As 'Step Forward'

A "post-summer school" session at Mt. Miguel high school was "a step forward in education," according to Mel Grant, principal of the school.

"To our knowledge," he said, "we are the only school in the nation to have offered such a program. The usual summer school session ends all thought of school and credits, but we are offering half a credit for each 4-hour course taken during the session which will run from August 8-30."

"Students must like the idea, for of the 1,525 students enrolled for the regular summer session, we have 200 signed up for this post-session. About 400 indicated interest earlier, but because of family plans or inability to get the courses they wanted, the number decreased. "Concentration is centered on the 'meat-and-potatoes' subjects... the academics, but drivers' training, as well as seven other courses, are open for student selection."

High Schools To Lease Driver Education Cars

The driver training program in the Grossmont union high school district will operate in leased cars during the 1960-61 school year.

Action to call for bids on the lease arrangement was approved by the board of trustees after a report from Associate Superintendent Harold G. Hughes indicated that the lease arrangement would cost less than outright purchase. The bid includes both low cost standard lines as well as the smaller compact cars.

In selecting chairs for two libraries the board turned down colorful plastic chairs costing \$9.95 in favor of continued use of the standard wood chair at a cost of \$6.15. The advantages claimed for the plastic chairs were easier stacking, greater comfort and improved appearance.

A report submitted to the board from John Davis, director of adult education in the Grossmont district, indicated that the vocational nurses program operated in cooperation with Grossmont Hospital placed high in the examinations conducted throughout the state and nation. The Grossmont vocational nurses ranked 15th among the 41 schools in the state. Comparative scores were, national average, 526; California average, 545; Grossmont average, 564; and the top district, Antelope Valley, 613.

Can your kitchen compare?

Maybe it doesn't right now, but it certainly can...and it certainly should. Think of the hours you spend in the kitchen each day. And think of your guests—with their fondness for congregating in the kitchen. Make it a cheery, efficient, convenient, inviting room—a room that's fun to work in, that reflects your talents as a homemaker.

What makes a modern kitchen? An up-to-date electric or gas range...a big, efficient food freezer...automatic dishwasher and waste disposer...plenty of portable appliances...adequate lighting...ample cabinet and storage space...a practical arrangement of work areas...and sufficient wiring to supply the full Housepower which keeps a kitchen operating at its peak.

To help you with your kitchen planning, the Kitchen Division of the Bureau of Home Appliances of San Diego County is sponsoring a new "Kitchen Seal of Approval" program. Participating appliance dealers and kitchen contractors will be happy to advise you.

Lemon Grove teachers, left to right, Gerald Newall, Ann Alderson, and Edward Villarreal, are studying this summer at Mexico City College, the only American-type liberal arts college in Latin America. They are shown in front of the

natural colored mosaic mural, which was designed and constructed by the MCC art department students. The mural depicts the Spanish Conquest of Mexico. (Photo by Irv. Pilch)

Spring Valleyite Stars In 'Janus' Stage Hit

Jessie Stedry of Spring Valley, well known in the "little theatre" circle, for her performance in the three productions of "California Story," will make her first stage appearance in several years as one of the authors, Jessie, in the Mercury Star Theatre production of "Janus".

"Janus" a delightful comedy about two authors who meet two months each year to write best sellers, will open Friday at 8 p.m. at the Mercury Theatre, 1201 South Magnolia, El Cajon, for a month's run.

Esther Watt, producer, is well known for her superb job in 1956-57 as costume director for the 1,500 member cast in the "California Story". Barry Sinkow, formerly of Hollywood, now living in Fletcher Hills, is director of the 1955 Broadway hit by Carolyn Green.

Jerome Gerard is cast as Denny, the other author, and Earl Allison is the hard-boiled tax collector. Gil will be played by Jim Engelkraut. The "bottle tipper," Miss Addy, will be played by Mrs. Watt.

The Mercury Star Theatre, with a seating capacity of 250, was completed in 1958. Mrs. Watt calls "Janus" the first production of her professional theatre, culmination of a lifetime of planning. The play will be seen Fridays, Saturdays and Sundays for four weeks follow-reports.

Bar Owner Dies Of Heart Attack

Louis Vergitch, 62, of 7846 Lester, Lemon Grove, died of a heart attack Friday morning.

Deputy Coroner R. W. Ricker said that Vergitch, co-owner of the Rodeo Room bar on Broadway, had opened the bar at 8 a.m. Friday with Leo Schudar, husband of his partner.

A few minutes later, Vergitch fell to the floor. Lemon Grove firemen were summoned with a resuscitator, but found the bar owner dead.

His body was shipped to Los Angeles, where his son lives, for burial.

Blind children have been successfully integrated into regular public school programs since 1900, according to the American Foundation for the Blind.

3 Teachers Attend Mexico City College

MEXICO CITY (Special) — Many new experiences—both academic and cultural—are being enjoyed by three Lemon Grove teachers, Miss Ann Alderson, Edward Villarreal, and Gerald Newall, who are studying this summer at Mexico City College.

Mexico City, famous as a tourist center, also attracts a large number of foreign students through this American-

type liberal arts college just outside the capital. MCC was chartered only 20 years ago and has grown from one room and five students to a scenic campus with around 1,600 students.

A truly unique institution in Latin America, MCC offers all classes in English requisite for the BA and MA degrees, and is a fully accredited member of the Southern Association of U.S. Colleges. The faculty, composed of scholars from 10 different countries, has created outstanding departments, including those of foreign trade, art, anthropology, Spanish, and creative writing.

Miss Alderson, who is from San Diego, earned her BA degree at San Diego State College. She has been to the University of Mexico for the past two summers. Newall, a native of San Francisco, earned his BA and MA degrees at San Francisco State College. A resident of La Mesa where he lives with his wife Emma, Villarreal has his BA degree from UCLA and Claremont College.

In Mexico City, as well as throughout the Republic, there are diversions to suit every taste. Museums, art galleries, and concerts abound in the city. For the sports-minded, Mexico offers horse-racing, jai alai, and bullfighting. Unusual and picturesque resorts are located near by and on both coasts. MCC students will take several college-sponsored trips this summer to downtown Mexico City museums, and visit Cuernavaca and Tepoztlan, Patzcu-

Ernest Watts Services Held

Funeral services for Ernest William Watts, 59, of 10530 Sarlos, Spring Valley, were held Wednesday at the Lewis Colonial Mortuary, San Diego. Interment was in Ft. Rosecrans National Cemetery. Dr. William D. Livingston, pastor of the First Presbyterian Church of San Diego, officiated. Mr. Watts died at his home last Friday.

A native of Kansas, Ernest Watts had been a resident of San Diego County for 15 years. He worked as a tool planer or Conair. He was a past commander of American Legion Post 504, and was a member of the First Presbyterian Church of San Diego.

Survivors include his widow Doris and four step-sons, Morris, Orris, Gordon and Vernon, all of San Diego.

New Doctor Joins Lemon Grove Firm

Dr. Louis Schlom, an osteopath, is now associated with Dr. Robert D. Schrock, also an osteopath, in the general practice of medicine, surgery and obstetrics in Lemon Grove.

The two doctors have their offices in the medical-dental building at 3048 Main, at Central.

Dr. Schlom was born in Texas and moved to California in 1943. He received his pre-medical education in various schools and is a graduate of Los Angeles College of Osteopathic Physicians and Surgeons. While in medical school he received a research grant from the United States Department of Public Health for investigation of certain psycho-physiological aspects of obstetrics and gynecology.

Later he took one year of training at Los Angeles County general hospital and one year at Long Beach osteopathic hospital.

Dr. Schlom and his wife, Pat, have been married 12 years and have three children: Louis, 10; Loren, 7; and Karen, 5.

WITH SQUADRON

MOFFETT FIELD, Calif. (Spcl.)—Navy Lt. (jg) Bruce L. Craig, son of Mr. and Mrs. William B. Craig of 2304 Loma, Lemon Grove, is serving with Fighter Squadron 124 at the Naval Air Station, Moffett Field. The Squadron conducts advanced training in the Navy's fastest jet, the F8U "Crusader" and pilot instrument training in the F9F-8T "Cougar". Lt. (jg) Craig is a graduate of the U.S. Naval Academy, Annapolis, Md.

EVERYBODY WORKS—Lemon Grove firemen don't spend their time just sitting around and playing pinochle. Here assistant chief Fred Dixon drills hole in timber which became part of open-air-shelter for fire equipment at the side of the fire station. Many other firemen assisted on the job. — Staff Photo

Alarming Water Problems Could Wreck California

By Jay Jordan
Water Facts Library

The Golden State is on the brink of catastrophe. This isn't "scare" talk. It's the opinion of a lot of smart people—economists, engineers, officials—who know what's going on.

California is fast moving toward the greatest water crisis in all history. Unless a state-wide water development program gets moving immediately, poverty and unemployment could sweep the whole state.

Why has water become such a critical problem?

The answer is people. California's population growth is the greatest the world has ever seen. Perhaps this isn't all good, but it's happening, and if we can't supply the water for this growing population our prosperity will be smashed on the rocks of a major depression.

Many areas of the state are in water trouble today. Thousands of acres of farmland, for example, are about to go back to desert. In coastal regions ocean water is slowly seeping into overdrawn fresh water basins and could destroy forever these priceless groundwater reservoirs. In many places the industries that could mean more jobs, better living for more people, are already becoming reluctant to locate or expand because of unsolved water problems.

Within ten years, these alarming situations will be far more common. For instance, at that time the vast urban area of southern California will have to have more water—or strangle economically.

All this is bad news for everyone—everywhere—in California. If building slumps in southern California, the lumber workers in northern California will be hard hit. If farm production in the San Joaquin Valley has to cut back, railroad workers, truckers, suppliers and many others all over the state will suffer from it. And so the chain reaction would go on. Nobody in California would be immune. No area of the state could stand by itself, untouched.

Fortunately, the answer to this threat is within our grasp. California has enough water within its borders to meet the needs of today and for a long time ahead. What we must do is build the dams and canals to save this water from wasting into the ocean and to distribute it to the places where it's needed. Simple enough. But it can't be done unless the people want it.

California desperately needs a state-wide water development system. If the people so choose, they can build such a system and enjoy the greater prosperity that will come with water. The only alternative is disaster.

Troop 322 of Lemon Grove Youth Center spent the week of Aug. 7 through the 13 at Camp Mataguay, Scoutmaster H. C. Stubbs, Assistants W. F. McCollum and R. Wilbur were accompanied by Tom Stubbs, Bobby Wilbur, James Nicodemus, Mike Alexander, Dennis McCollum, David Boone, Randy Erickson, Eugene Kraszewski, Mike Richards, Henry Strangfeld, David Walker, Ken Patterson, Dane Norman, Jim Christenson, Neil Good, Roy Lehton, Ronald Robertson, Frank Sanderson, Frank Pearce, Ken Hannahs, Jerry Heath, Bill Flores, Mike Dirickson, George Holland, Gary Mills, Ed Jenkins, Larry Wilbur, Robert Boro, John Blockberger and Bobby Lee.

The boys worked on their merit badges for nature, canoeing, signaling, swimming, conservation and cooking. But it wasn't all work; there was time for fishing and rowing around the lake, plus polar bear swimming at night. The patrols drew all their chow at the Trading Post and did their own cooking, so everyone had a hand at it.

Troop 322 won first place in competition with other troops on painting an oar. Troop 322's design depicted 50 years of Scouting. It will hang in the Lodge House at the reservation.

During the ceremonial campfire held on Friday night at the shores of Tash Neek, W. F. McCollum, Dennis McCollum, Tom Stubbs and Jerry Heath were taken into the Order of the Ar-

TALKING BOOKS

Talking Books for the Blind require no special instruction such as braille does, yet 6 out of 7 blind people in the United States have never "read" a Talking Book though all are eligible to use them free. For information write the American Foundation for the Blind, 15 West 16th st., New York City, or the Library of Congress, Washington, D.C.

Medical Group Gets No Action On Application

SAN DIEGO (CNS)—Action on the Lemon Grove Medical Group's plea to the county for permission to use the area in front of its proposed new building for off-street parking was held up at Friday's session of the County Planning Commission.

The doctor's group asked for a variance to be allowed to build 35 feet, instead of the required 40 feet, from the center line of Dayton avenue and to be permitted to use its front yard on Olive street for parking.

The planning committee that visited the site recommended that the side yard variance on Dayton be granted and the parking permission be denied.

Merrill B. Weber, business manager for the group, told commissioners negotiations are being carried on with the San Diego and Arizona Eastern railroad for use of land across from the medical group's property. He said the doctors want it for parking and have agreed to beautify it.

The commission then continued its hearing for two weeks to give time for a report on results of the negotiations with the railroad.

ONION ODOR

Onion odor and flavor can be removed from cooking utensils by rubbing them with celery leaves.

J. C. Penney Store To Open This Week

Color will play a dominant and dramatic role in the spacious, ultra-modern J. C. Penney Co. department store opening at College Grove Center this Thursday morning.

Lemon Grove Actor In Drama Program

Steve Tamila, son of Mr. and Mrs. Chester Tamila, 6965 Mt. Vernon, Lemon Grove, was among students of the school of drama conducted by the Theatre Arts foundation in association with the La Jolla Playhouse who were featured in an informal presentation last Friday.

The presentation was held in the Playhouse rehearsal hall. Allen Mullikin, director of the school, said that the program hit "USA" demonstrated classroom techniques and provided an opportunity for integration of speech, dance and acting. Assisting Mullikin this summer in the school of drama are Miss Jane White, speech, and Miss Dorothy Lee, dance.

SOCIAL WORK

This year the American Foundation for the Blind awarded ten social work study fellowships to persons intending to work with the visually handicapped on completion of their training. Five of the winners are themselves blind.

ceder the suburban shopping center movement many years ago and is credited with its evolution into the economic factor in community life that it is today.

Interviewed here, Rykowski said: "The Penney Co. has over 212 stores in California, more, actually than in any state of the Union. We each year buy millions of dollars worth of merchandise in the state and are one of the nation's leading promoters of California designed and manufactured ready-to-wear. Many California designers have gained national prominence through their early association with the Penney organization."

The College Grove store, functional in design and completely fireproof, will have a net selling area of over 50,000 sq. ft., on two levels. Storage areas, administrative and executive offices and employee facilities comprise over 25,000 sq. ft. Family shopping hours at the new department store will be from 9:30 a.m. to 9 p.m. on Monday, Thursdays and Fridays. Shopping hours on other days will be from 9:30 a.m. to 5:30 p.m.

VACATIONERS — Pictured aboard Matson Lines flagship SS Lurline just prior to departure from Honolulu for the mainland are Mr. and Mrs. John Anderson, 9188 Rosdale Dr., Spring Valley. They were guests at the Hukilau Hotel on the island of Maui and visited friends on Oahu and Hawaii for one month.

Local Garden Transformed To Aloha Land

The beautiful garden of Cdr. Alfred Paulsen, USN and Mrs. Paulsen, 8219 Finley, La Mesa, was transformed into Aloha Land for a few hours the afternoon of August 9.

The occasion was the first party in four years of La Mesa Springhouse Garden Club under the chairmanship of Mrs. Russell Branyan, (9035 Valencia, Spring Valley) who engineered the luncheon served under the trees. The guests ate from tables beautifully decorated with flowers and Hawaiian motifs arranged by Mrs. Helen Weal, and their gay Hawaiian garb added to the colorful setting.

After disposing of the food, many guests stayed at their tables and spent the afternoon at various games of cards. There were many fine door prizes, including purchase orders from several prominent department stores, grocery orders from large markets and a number of fine, unusual garden plants.

The serving, done by pretty girls from the Y-Teen, Jobs Daughters and Rainbow Club Assembly, included the following: Misses Lynne Miles, Pamela Reyburn, Karen Flesher, Carol Chapman, Pamela Jones, Diann Flesher, Anthony Morris and Peggy Bowen.

Under the capable management of Mrs. Ray Flesher, the party was handled by: Mmes. Tom Clark, tickets; John Krumholz, white elephant; Vera Thacher, Lena Deam, plants; Helen Weal, decorations; Russell Branyan, luncheon.

The party, given for the benefit of the La Mesa Welfare, cleared approximately \$350.

A **POLITICIAN** is a man who, when he comes to a parting of the ways, takes both of them.

Two Teachers Married In Spring Valley Church

The Spring Valley Friends Community Church was the setting Aug. 6 for the wedding of Duane Peters of Spring Valley and Vivian DeWitt of San Diego. Both are teachers in the Escondido school district. Rev. Loren Mills, of the Friends Church, performed the ceremony.

The bride wore a white nylon tulle and satin dress with a full skirt. Her veil was held by a satin bow and she carried gardenias. She was given in marriage by William G. Hammon.

Maid of honor was Caroline DeWitt, of San Diego, sister of the bride. She wore a white eyelet dress with a pale blue sash. Best man was Gene Edelbrock of San Diego. Ushers were Terrance Curran and Tays Cool of San Diego and Jerden See of La Habra.

The newlyweds are spending a three weeks honeymoon in Mexico. They will live in Escondido.

VFW Auxiliary Plans Party

Foothills Ladies Auxiliary 1774 of the Veterans of World War I, held their birthday dinner Monday at 6:30 p.m. in the Spring Valley Chamber of Commerce hall, 9050 Memory In., just off Bancroft dr. It was potluck.

Officers of the 6th District and the 18th Sub-District, and wives were present, as well as guests from other barracks of the area.

Patio Breakfast Held by Club

The annual "Come As You Are" breakfast of the Spring Valley Woman's Club was held recently in the patio of Mrs. Edith Koonce and Mrs. Mary Deischer, 9023 Koonce dr., Spring Valley. Members arrived attired in all styles of early morning dress.

Each member was asked to present a skit, song or talk about her home state. Members represented most of the states of the Union as well as Canada and England.

Vacation

Sydney Kent, senior at Mt. Miguel high school and daughter of Dr. and Mrs. Howard R. Kent, spent an exciting two weeks at Yosemite National Park and San Francisco as guest of Roberta Robertson. Miss Robertson is daughter of Bert Robertson, music director at Mt. Empire high school, Campo.

LEMON GROVE:
7917 Broadway
LA MESA:
4774 Palm Ave.

TEACHER WED — Mr. and Mrs. Donald Howard Lesney have returned from a wedding trip to northern California. The bride is the former Marlene Mae Schwenke, teacher in Spring Valley. She is the daughter of Mr. and Mrs. William G. Schwenke of La Mesa. Mr. and Mrs. Peter F. Lesney of Detroit are the parents of the bridegroom. Candlelight was the setting for the wedding ceremony. Reverend Arne Christianson officiated, while Reverend H. C. Bakken assisted. Mrs. George Prill performed as soloist.

Former Publisher, Wife Mark 50th Anniversary

A Lemon Grove couple marked their fiftieth wedding anniversary August 17 and will be guests of honor at an open house celebration Sunday.

The couple, Mr. and Mrs. G. Ray Graham, of 7512 Roosevelt st., Lemon Grove, were married in 1910 in Odebolt, Iowa. Mr. Graham, former publisher of the Lemon Grove Review and other newspapers, has twice retired from the profession. He published his first newspaper from his mother's dining room in Odebolt when he was nine years old.

Co-hostessing the celebration

Sorority Starts Social Season

As herald to Fall and the season's many activities Theta Omicron chapter of Beta Sigma Phi starts the ball rolling with a combination "Ways and Means" project and Social, in the form of a fish-fry and patio party, Friday evening, August 19, from seven on at the home of Mr. and Mrs. Edwin P. Moss, 6511 Judy Lee Place. Members, husband, guests and prospective rushees and husbands will attend. Mrs. Moss is the chapter's "Ways and Means" chairman.

which starts at 1 p.m. will be Mrs. Graham's two daughters and her sister. The daughters are Mrs. Rae Long of 7504 Roosevelt and Mrs. C. C. Warren of San Fernando. Her sister is Mrs. William Perry of Van Nuys.

More than one hundred persons are expected to take part in the celebration.

Catholic Daughters Set Rummage Sale

Catholic Daughters of America, number 1580, in Lemon Grove, will conduct its annual rummage sale August 27 at St. John of the Cross church.

Sale hours will be 9 a.m. to 6 p.m.

Chairman for the event is Mrs. Frances Sledze. She is being assisted by Mmes. Dorothy Warimont, Frances Wood, and Estelle Wise.

WHITE SHRINE

The Mt. Helix White Shrine will hold a regular meeting August 19 at 8 p.m. at La Mesa Masonic temple. Mrs. Felix Dobranski is worthy high priestess. Social chairman for the evening is Mrs. Henry J. Carns.

Nursing Home Adds To Building Size

An addition to the Coit Nursing Home, 8625 La Mar, Spring Valley, was completed last week, according to announcement by Mrs. Laurie Coit, owner and manager.

A structure built to comply with the latest of state welfare and health regulations, Mrs. Coit says the building had a gross cost of around \$15,000. The addition is at the rear of the original building which was completed in March, 1953.

The present unit is built on a split level. It contains, on the upper level, two 2-bed wards, an office, several bathrooms, sun patios and a large recreation room. The lower level has an up-to-date laundry, store and furnace rooms. The entire building is now capable of handling 18 patients, and has adequate kitchen and bath facilities.

Mrs. Coit is well known to residents of Lemon Grove and Spring Valley for her work among elderly men and women. She was an assistant at the Marvel Rest Home on Palm ave., Lemon Grove, for a number of years, leaving there to take over the management and ownership of the Casa de Oro Rest Home on South Cordoba, Spring Valley. This she managed for about 10 years until building and operating the present facility.

Junior Women To Sponsor Teenage Dance

The Lemon Grove Junior Women's Club is to sponsor a teenage dance this Friday from 7:30 to 10:30 at the clubhouse, 2810 Main.

Teenagers of high school age are invited to attend, according to Mrs. George Teigen, club president. She said that this is to be the first in a series of dances for the high school age youngsters.

The club will charge 25 cents per person for admission. Donuts will be served. Junior Women's Club members and their husbands will chaperon the dance.

County of San Diego,)
I, R. B. JAMES, County Clerk of
the County of San Diego, State of
California, and ex officio Clerk of
the Board of Supervisors of said
County, hereby certify that I have
compared the foregoing copy with
the original resolution passed and
adopted by said Board, at a regular
meeting thereof, at the time and by
the vote therein stated, which origi-
nal resolution is now on file in my
office, that the same contains a
full, true and correct transcript
thereof and of the whole thereof.
Witness my hand and the Seal of
said Board of Supervisors, this 26th
day of July, 1960.
(SEAL)
R. B. JAMES, County Clerk
and ex officio Clerk of the
Board of Supervisors.
By C. Lontz, Deputy

IT PAYS TO KNOW YOUR
LOCAL MERCHANTS!!

WIN

THREE BIG PRIZES IN THIS EASY CONTEST

ENTER NOW! Read the Easy Rules

1st Prize \$50.00 Savings Bond

2nd Prize \$25.00 Savings Bond

3rd Prize \$10.00 Gift Certificate

Appearing on this and the following page are pictures of your local merchants. All you have to do is identify them by name, and the name of their business establishment. It's easy because their pictures also appear in an advertisement elsewhere in this section complete with their name and the name of their business. Match them up, then print their names under the correct picture on this and the following page, and mail promptly to HOMELAND PUBLISHING CO., P. O. Box 127, Lemon Grove, Calif. The earliest postmarked entries with the most correct identifications will be declared the winners. Winning names will be published in this newspaper on Thursday, August 25th. Watch for yours!

Grove Couple Wins In Home Contest

Mr. and Mrs. Harold D. Carr, 6621 MacArthur, Lemon Grove, won third prize in the Sun and Moon Spot home improvement contest for July. Bruce Hazard, president of the sponsoring Hazard Products, Inc., said this week.

A huge brick patio of Hazard Bric surrounded by a low brick retaining wall and leading to a pool and waterfall won first prize for a San Diego couple. A Coronado couple won second prize.

The contest will run through August and is open to any county resident. Monthly winners since April will automatically be eligible for the August "sweepstakes" contest.

IN ARMY

Ivan H. Clayton, son of Mr. and Mrs. Edward J. Clayton, 1235 Darby, Spring Valley, recently enlisted under the U.S. Army's new guaranteed "choose it yourself" program. Clayton attended Mt. Miguel high school.

SCHOLARSHIP

Jane Marnae Hiner of 2242 Lawton, Lemon Grove, has been awarded an alumni scholarship as an entering student for the 1960-61 academic year by the University of California, Berkeley.

Career Man Named To Army Recruit Post in La Mesa

An Army career man has been assigned to the Army recruiting station in La Mesa as an "Army career counselor," according to M/Sgt. N. J. Gobel, in charge of the station.

The new man is M/Sgt. Edward R. Edwards, with 26 years of service. He, his wife and four sons live at 8124 Brennan Lemon Grove, in the Monterey Heights area. Sgt. Edwards is chairman of Troop 310 of the Boy Scouts.

He is available to interview young men or women interested in the opportunities offered by the Army. Sgt. Edwards can be contacted for appointments at HO 3-3114 at the office or at HO 3-1875, his home.

Taxi Company

Bill Sale, owner of a San Diego taxi firm, has opened a branch in Lemon Grove. Known as Lemon Grove Radio Cab Co., the local firm will have cabs available 24 hours a day. They will park on Imperial just south of Broadway.

Adult School Set For Sept. Opening

A variety of courses will be offered in Lemon Grove at the Grossmont Adult School center which opens on Sept. 12, according to John W. Davis, director of the school.

Davis said that the adult school will offer daytime classes. In addition, he said, the high schools will offer expanded evening programs.

Courses, he said, will be offered in "almost every subject area," and are designed "for practical application." Information on courses can be obtained at HO 3-6899.

Re Construction of a Sanitary Sewer System in GLENCOE DRIVE, et al., in the LEMON GROVE SANITATION DISTRICT, Area No. 109

RESOLUTION OF INTENTION

On motion of Director Austin, seconded by Director Dent, the following resolution is adopted:

WHEREAS, this Board of Directors heretofore designated the Director of Public Works of the County of San Diego as the Superintendent of Streets and the Engineer to perform any and all duties conferred upon the Superintendent of Streets or the Engineer by the Improvement Act of 1911 in connection with the work and improvement and assessment hereinafter described; and

WHEREAS, the Engineer has furnished to this Board of Directors plans and specifications for the construction of a sanitary sewer system in a portion of the Lemon Grove Sanitation District, together with careful estimates of the costs and expenses of such construction, which are on file in the office of the Secretary of said Board of Directors; NOW, THEREFORE, it is HEREBY RESOLVED that public interest and convenience require it and it is the intention of the Board of Directors of the Lemon Grove Sanitation District (hereinafter referred to as the Board of Directors) to order the following work to be done and improvement to be made in said Sanitation District:

The acquisition of easements and rights of way for the hereinafter described sewers, manholes and appurtenances in GLENCOE DRIVE.

Between the Eastern prolongation of the Northern line of Calvocho Street and the Eastern prolongation of the Southern line of Calvocho Street.

BAKERFIELD STREET.

Between the Southern line of Canton Drive and the Northern line of Hughes Street.

TAFT STREET.

Between the Western prolongation of the Northern line of Lot 3, Block 2, of Calvocho Highway, Map No. 2188, and the Northern line of Hughes Street.

WOODROW AVENUE.

Between the Western prolongation of the Northern line of Calvocho Street and the Western prolongation of the Southern line of Calvocho Street.

CALVOCHO STREET.

Between the Western line of Glencoe Drive and the Eastern line of Woodrow Avenue.

All of said work hereinafter generally described shall be constructed in the manner, to the limits, of the materials, and of the dimensions as shown upon and in accordance with the plans, profiles, drawings, typical cross-sections and specifications therefor, contained in Document No. 290206, on file in the office of the Secretary of the Sanitation District, Room 306, City and County Administration Building, 1600 Pacific Highway, San Diego, California, and copies of which are on file in the office of said Engineer, and by this reference thereto all said plans, profiles, drawings, typical cross-sections and specifications are made a part hereof. For a detailed description of the easements and rights of way to be acquired reference is made to the aforementioned plans, drawings and specifications.

The said Board of Directors hereby determines and declares that said serial bonds shall be issued to represent each assessment of Fifty Dollars (\$50) or more remaining unpaid after the full expiration of thirty days from the date of verification of the warrant, to represent the expenses of said work and improvement. Said serial bonds shall extend over a period ending fifteen years from the second day of January next succeeding the next

September first following their date, and an even annual proportion of the principal sum thereof shall be payable, by coupon, on the second day of January every year following the next September first after their date until the whole is paid. Said bonds shall bear interest at the rate of six per cent per annum, interest payable semi-annually, by coupon, on all sums unpaid, until the whole of said principal and interest is paid; and said bonds shall provide that if said bonds are redeemed before maturity and before commencement of proceedings for sale, in addition to a premium of five per cent (5%) of the unpaid principal shall be paid. Said bonds shall be issued and the principal, interest and premium shall be paid under and in pursuance of the Improvement Act of 1911 and amendments thereto.

The contemplated work and improvement hereinafter mentioned in the opinion of said Board of Directors, of making the exterior ordinary public benefit, and the expenses of such work and improvement are made chargeable upon the district hereinafter described, hereby declare said district to be the district benefited by said work and improvement, and to be assessed to pay the costs and expenses of said work and improvement as follows, to wit: All that real property in the County of San Diego included within the exterior boundary lines of said district, as shown upon that certain map bearing number 276-2475, indicating the exterior boundary lines of such district, which map, approved by said Board of Directors, is on file in the office of the Secretary of said Board of Directors as Document No. 290207, excepting therefrom all public streets, roads, alleys, avenues and highways. Reference is hereby made to the map for a full and complete description of the assessment district and the map shall govern for all details as to the extent of the assessment district.

The said Board of Directors has heretofore directed the Superintendent of Streets in accordance with Section 5254.5 of the Streets and Highways Code to include in the contract a provision for liquidated damages in case the work called for under the contract is not completed within the time limit as prescribed by the specifications and contract (or such extension of time as may be granted by said Board), and has fixed the sum of \$25 per day for each and every calendar day's delay in completing the work in excess of the number of calendar days prescribed.

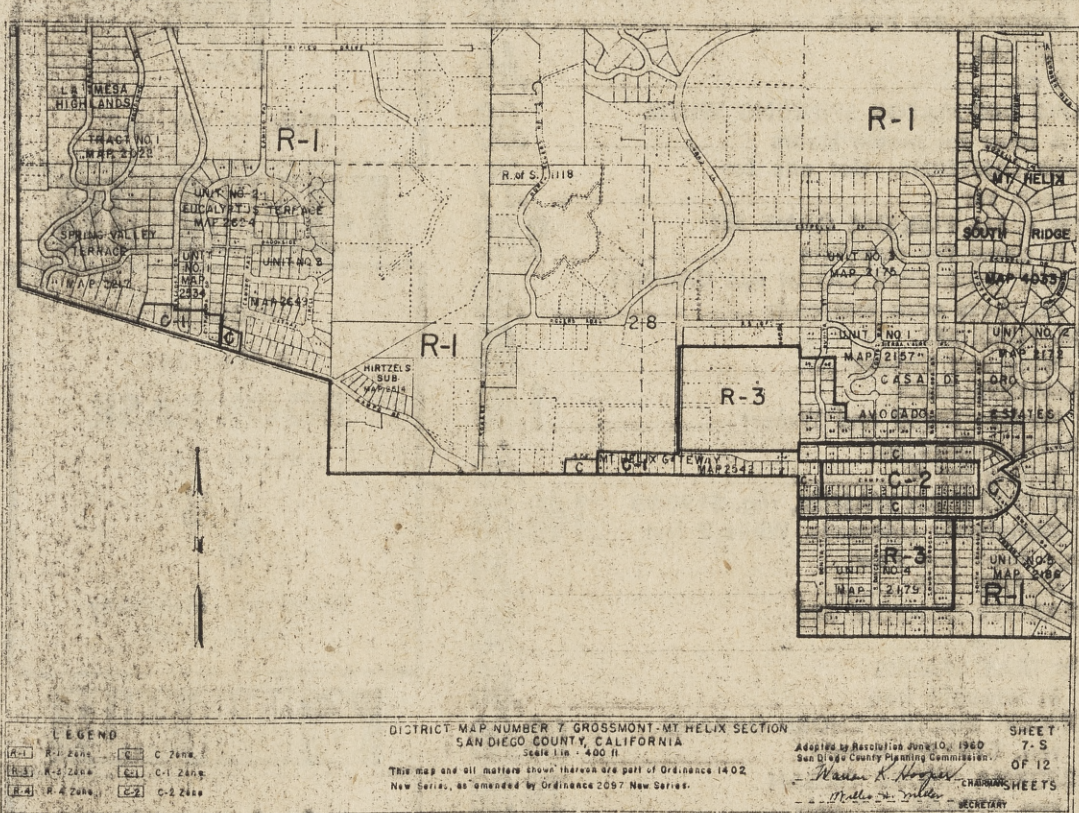

It is the opinion of said Board of Directors that the public interest will not be served by allowing the property owners to take the contract for the work to be done under these proceedings.

NOTICE IS HEREBY GIVEN that on Tuesday, the 30th day of August, 1960, at 10:00 o'clock a.m., in the chamber of said Board of Directors of the Lemon Grove Sanitation District, Room 306, City and County Administration Building, 1600 Pacific Highway, San Diego, California, any and all persons having any objections to the proposed work or improvement, to the grade at which said work is to be done, or to the extent of the district to be assessed to pay the costs and expenses of said proposed work or improvement, may appear before said Board of Directors and show cause why said proposed improvement should not be carried out in accordance with this resolution.

Such protest, if any, must be in writing, and must contain a description of the property in which such signer thereof is interested, sufficient to identify the same, and shall be delivered to and filed with the Secretary of said Sanitation District, in Room 306 of said City and County Administration Building, not later than the hour hereinafter set for hearing. No other

ORDINANCE NO. 2097 (NEW SERIES)

AN ORDINANCE AMENDING THE ZONING ORDINANCE BY CHANGING THE USE OF CERTAIN PROPERTY WITHIN DISTRICT NO. 7, GROSSMONT-MT. HELIX SECTION, AND SUBSTITUTING SHEET NO. 7-S FOR SHEET NO. 7-R OF DISTRICT MAP NO. 7

The Board of Supervisors of the County of San Diego do ordain as follows:

Section 1. The zoning classification of the following described land located within District No. 7, Grossmont-Mt. Helix Section in the County of San Diego, State of California, is hereby changed from R-1 Zone to C Zone:

That portion of the Northeast Quarter of said Southwest Quarter of Section 28, Township 18 South, Range 1 West, S.B.B.&M., described as follows:

Beginning at the southeast corner of said Northeast Quarter of said Southwest Quarter, 392 feet to the true point of beginning; thence continuing along said south line, 275 feet; thence North 89° 34' East, 132 feet; thence South 89° 12' East, 275 feet; thence South 0° 34' West, 132 feet to the true point of beginning; EXCEPTING

THEREFROM Highway rights of way.

Section 2. Section 1601 of Ordinance No. 1402 (New Series) of the County of San Diego is hereby amended to read as follows:

Section 1601. MAP, "District Map No. 7, Grossmont-Mt. Helix Section, San Diego County," consisting of twelve (12) sheets numbered 1-A, 2-B, 3-C, 4-D, 5-E, 6-F, 7-G, 8-H, 9-I, 10-J, 11-K, and 12-L, including an index sheet, each bearing the title "District Map No. 7, Grossmont-Mt. Helix Section, San Diego County," is hereby adopted and made a part of this ordinance.

Section 3. This ordinance shall take effect and be in force thirty (30) days after the date of its passage, and before the expiration of fifteen (15) days after its passage it shall be published once, with the names of the members voting for and against the same, in the Spring Valley Bulletin, a newspaper of general circulation published in the County of San Diego.

PASSED, APPROVED AND ADOPTED, this 9th day of August, 1960.

FRANK A. GIBSON
Chairman of the Board of Supervisors of the County of San Diego, State of California

The above ordinance was adopted by the following vote:

Supervisor Frank A. Gibson, voting "Aye"
Supervisor David W. Bird, being absent and not voting
Supervisor Robert C. Dent, voting "Aye"
Supervisor De C. Austin, being absent and not voting
Supervisor J. W. Weber, voting "Aye"

ATTEST my hand and the seal of the Board of Supervisors this 9th day of August, 1960.

R. B. JAMES, County Clerk and ex-officio Clerk of the Board of Supervisors
By C. Lantz, Deputy.
